

Look and color.  

Materials: crayons

Instructions:

Part 1: Have students look at the animals and decide which ones live on the farm.

Part 2: Have them color only the farm animals.

Match and circle. Say.

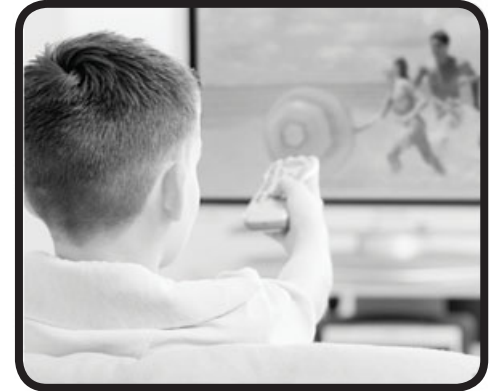

Materials: colored pencils, pencil

Instructions:

Part 1: Have students match the animals with their baby using different colors.

Part 2: Have them circle all the baby animals and encourage them to say each one's name.

Look and cross out. Color.

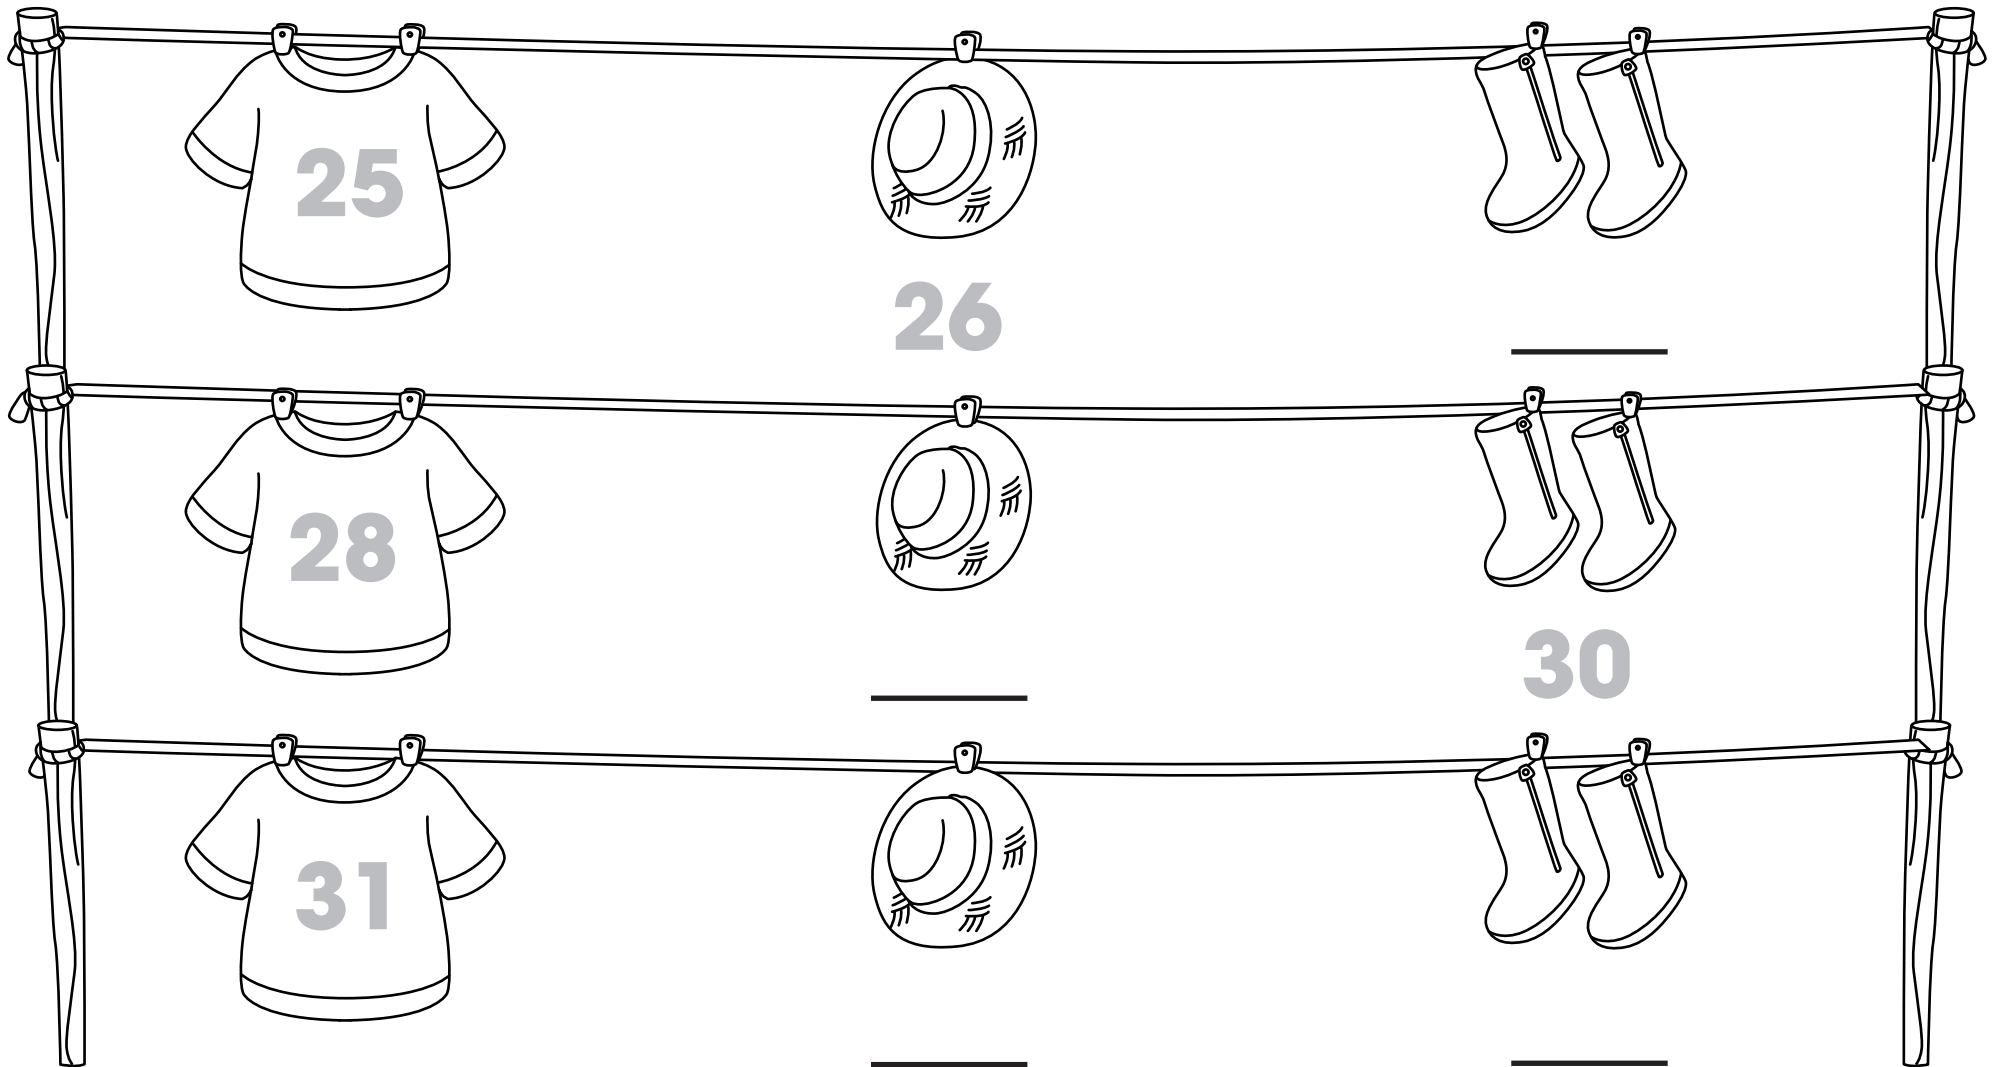

Materials: crayons, pencil

Instructions:

Part 1: Tell students to look at the pictures and identify activities they can do on a farm.

Part 2: Have them cross out activities they can't do on a farm and color the activities they can.

Look and say. Write. 

Materials: pencil

Instructions:

Part 1: Call students' attention to the numbers.

Part 2: Have students read the numbers together with you.

Part 3: Have them write the missing numbers.
